HANDS-AROUND DINNERS WILL BOOST PACIFIC

It will be a cosmopolitan gathering of three hundred men to sit down at the big dinner of the Hands-Around-Pacific Club tonight. The gathering is so big that no ordinary hall will hold it, and the primary Japanese schoolhouse on Nuuanu street above Vineyard has been pressed into service. Everybody interested in the work of boosting all the Pacific wants to go.

In November a banquet was held at which 200 members of the "Hands-Around" passed resolutions and appointed a committee to take up with the governments of the Pacific a plan to unite for joint advertising work in America. The reports of this committee will be presented in a bound special "Hands-Around" edition of the Mid-Pacific Magazine, profusely illustrated. At the dinner tonight a resolution is in order requesting the various Pacific states and countries to appropriate definite fixed sums toward this work and to appoint their delegates with power to act and perfect the permanent organization.

Already the Australian states have combined and are erecting an exhibition building in London, with New Zealand. Australia is contemplating a tourist bureau and permanent exhibition building in New York, in which Hawaii is to have a place, as she is to be represented in the London building. Hawaii as an American Territory has been officially asked by several of the Pacific countries to take the lead in getting all the Pacific people together in a joint movement for making Pacific lands better known on the American continent. In Washington the Pan-American Union, supported by 21 American republics, has its own magnificent building, and a similar building in New York, the metropolis of America, to be supported by the Pacific governments, is contemplated. This movement had its inception in Hawaii four years ago, Governor French then being one of the fathers of the plan. He will preside tonight.

The "Hands-Around" dinner will begin at 6 o'clock sharp, but the Hawaiian band and the Filipino quartet will arrive in the big school yard and dispense music at the base of the Togo monument for an hour while the guests, who are invited to come early, will get acquainted. The school hall is the largest clear dining place in the city, and some three hundred people from all around the big ocean will sit down at tables decorated for every state and country touching the Pacific. The next annual banquet of the "Hands-Around" will be held Hawaiian style, and it is hoped will be in celebration of the laying of the cornerstone in New York city of the joint Pan-Pacific exhibition building and tourist bureau in the American metropolis.

DIABETES

From late figures the hope of recovery under the new emollient treatment seems to be about as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the disease gets more stubborn, and between thirty and forty the percentage is not high—probably not much over half yielding.

Under thirty the percentage is less and in children recoveries have been very few and most of those were obtained with the aid of skilled physicians forcing nutrition, with alkaline treatment to prevent formation of acetones.

The new emollient treatment is known as Fulton's Diabetic Compound. It can be had in your city at all druggists.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free. Jno. J. Fulton Co., San Francisco, Cal. We invite correspondence with physicians who have obstinate cases.
